# PROGRAM CONTENT

The Inline Certification Program is delighted to invite everyone to the celebration of 35 years of helping the world to roll professionally.

We are celebrating this momentous occasion by hosting our Birthday Bash in Bali, Indonesia! Which will include the following main programs:

## SKATE CAMP FOR ADULTS AND KIDS

Bali skate camp is part of a world wide program where ICP facilitates the ultimate learning experience for inline skaters. Learn to inline skate better together with skaters from around the world facilitated by global ICP instructors and examiners.

## LEVEL 1 AND 2 INTERNATIONAL CERTIFICATION

Experience a certification program like no other. Learn to become an inline skate instructor in Bali and become part of the professional inline skate teaching movement.

## INLINE SKATE SKILLS ASSESSMENT PROGRAM

Learn the inline skate proficiency levels developed by the ICP examiners team. This leveling system helps define a standardized learning progression to be used by professionals, skate schools and shops.

## ICP BIRTHDAY BASH DINNER

We are celebrating 35 Years of ICP teaching the world to roll! This event will focus on appreciating those who join the effort to maintain a high level of excellence. Invitees will include industry practitioners.

Skating was one of the items on my bucket list, and I accomplished it by enrolling in a professional skate school that used the ICP program as its teaching model. Although I struggled to pass the program, the instructors' encouragement motivated me to apply the ICP methodology in many areas of my life. This experience not only improved my skating skills but also proved invaluable in my career growth. In fact, I was able to get into MNC and advanced well. Thanks to the ICP program, I continue to grow professionally and personally. Today, I'm passionate about sharing my experience with others and dispelling the myth that ICP is just for skating instructors. If you have any questions, please don't hesitate to reach out to me at [foosmike@hotmail.com](mailto:foosmike@hotmail.com).
